Rob, As for the slides we did that to have a meaningful conversation, however at this point we do not have the data validation, thus we do not want to have something put out that may change.

Hi Prashant and Kirk,

Thank you for the presentation and summary today. I think that was a good wrap up and also a nice kick off to heading into the RI/FS phase. Please send me a copy of the slides and the meeting schedule as soon as possible. I'm holding off on a final approval of the deliverable schedule in order to have that information and get place holders into everyone's schedule for the meetings.

Sincerely,
